Asst. Cashier.

THE CITY BANK.

CAPITAL - - - - - \$60,000.
Surplus and Undivided Profits, - \$70,000.

The surplus of this bank, every dollar of which has been earned, is larger than that of all other Banks in Christian county combined, and in proportion to capital, ranks among the very first in whole State of Kentucky.

WILDER IS IN KENTUCKY.

Was In Madisonville Friday
Hobnobbing With Cum-
berland Manager.

DENIALS ARE USELESS.

Messrs. Caldwell and Hume
to Be Given One More
Chance to Tell Truth.

The mystery of Richard Wilder, the letter-writer, of Evansville, is about to be solved.

Inasmuch as Messrs. Caldwell and Hume deny having knowledge that Wilder is in their employ, we would suggest that they confer with Manager Catlett, of Evansville, and Manager Mitchell, of their Madisonville exchange.

Mr. Wilder was registered at the Hotel Lucile, Madisonville, last Friday, and was seen in close conference with Mr. Mitchell.

It seems useless to further evade answering the question as to whether or not Wilder is an employee of the Cumberland Telephone Company. However, the Home Telephone Company will give Messrs. Caldwell and Hume two days longer to answer the questions propounded to them in regard to Wilder, whose letters were circulated in their interest.

R. E. COOPER, Pres.,
Home Tel. Co.

CORRECTED REPORT

Shows Ten Per Cent. Re-
duction in Kentucky
Acreage.

The new report on the acreage of the tobacco crop which is just given out at Washington shows that the figures heretofore made up were wrong. It shows that the acreage in the regie and burley tobacco districts is very much less than was shown by the previous report. In Kentucky the revised report shows about a ten per cent. reduction in the acreage compared with the first report. The Department vouches for the revised figures.

In Critical Condition.

Mrs. Dr. James E. Oldham is in a very critical condition at her home on South Clay street. Her death is expected at any hour.

BENNINGTON BLOWN UP.

Explosion at San Diego, Cal-
ifornia, Worst Since
Maine Disaster.

MORE THAN 60 KILLED.

As Many More Terribly In-
jured by Steam--One
Officer Killed.

San Diego, Cal., July 23.—The United States gunboat Bennington, under command of Commander Lucian Young, arrived here Tuesday morning after a voyage of nine days from Honolulu, and had been taking coal with the expectation of sailing immediately for Panama to relieve the Princeton. Last night Commander Young received a change of orders and was directed to proceed at once to Port Harford, near Santa Barbara, to assist the Wyoming, which put into that harbor day before yesterday in distress, having lost a propeller blade and suffering from a cranky shaft.

About 10:30 o'clock, July 21, while the officers and crew, under direction of Lieutenant Yates, acting executive officer (Commander Young being ashore) were clearing the ship ready for departure the after end of the port main boiler blew out, filling the ship with steam, bursting a large hole in the deck, blowing out several plates on the port side of the vessel and carrying away nearly all the ventilators and rigging.

The ship was shaken from stem to stern, the deck was covered with the bodies of the dead and wounded and with wreckage of every sort. A number of men on the deck were blown seventy-five or a hundred feet into the air and the remainder of the crew jumped overboard to escape from the steam. Several tugs, a ferry boat and other vessels in the harbor went immediately to the assistance of the Bennington and picked up a large number of men from the water.

A complete summary of the disaster may now be given with some degree of accuracy. The total number of casualties are placed at 110, as follows:

Known dead, forty-nine; dead believed to be in flooded compartments of the vessel, seven; now at hospitals under treatment, fifty-four; total, 110.

A number of men are still missing, the total not being obtainable at this

hour. It is possible, however, when the complete story is written, the casualties will foot up 125.

The Identified Dead.

As far as identified the dead are: Ensign N. K. Perry, F. W. Brown, J. Newcomb, B. A. Hughes, A. B. Ensel, A. Kamerer, W. Cherry, C. Rushing, A. H. Scruggs, E. Haugbloom, W. R. E. Carr, H. A. Saunders, E. Breach, J. L. Burns, M. G. Quinn, C. J. Kuntz, J. Hilscher, G. Brownlee, F. M. Geiss, Preton Carpenter, Charles McKeon, E. W. Brunson, J. Hunt, E. B. Robinson, J. C. Barchus, W. C. Wilson, C. F. Nelson, E. B. Ferguson, L. B. Archer, W. G. Chambers, John McKune, C. J. Ezell.

Perry From the South.

Ensign Newman K. Perry, Jr., was born in Columbia, S. C., Nov. 26, 1880. He was appointed cadet in 1897 and graduated in 1901. He was assigned to the Bennington as a watch and division officer in 1903 and was promoted to ensign on June 7 of this year. About a year ago he married Miss Marie Vrident, of Stockbridge, Mass., where his wife now lives. Lieutenant Perry has a sister, Mrs. Harry J. Jenkins, living at 19 Woodland Park.

Recent Disasters on American Warships.

Battleship Missouri, off Pensacola, April 13, 1904, explosion of powder; 33 killed, 5 hurt.

Battleship Massachusetts, at Philadelphia, Dec. 15, 1904, explosion in fireroom; 3 killed, 4 scalded.

Battleship Iowa, April 9, 1903,

explosion of gun; 3 killed, 5 injured. Cruiser Olympia, Norfolk, Va., Sept. 12, 1903, explosion of barrel of alcohol; 2 killed, several wounded.

Battle ship Connecticut, September-October, 1904, three mishaps or attempts to wreck; no one hurt.

MISS LATHAM DEAD.

Passed Away Sunday from
Stomach Trouble.

Miss Mary Rebecca Latham, the only daughter of the late John C. and Mrs. Virginia Latham, died at the home of her mother, on Sunday morning of stomach trouble. Her death was unexpected, for up to within a day or two she was in apparent good health. She was taken quite ill Saturday night and Sunday morning it was evident to her physician and friends that the end was near.

Her brother, Mr. John C. Latham, of New York, was apprised of her death by telegraph, but he and his family were out of the city and could not be reached in time for him to get here until tomorrow.

The funeral service will take place today at 4 o'clock at the Episcopal church, conducted by Rev Geo. C. Abbott. The remains will be temporarily interred in the Latham lot in Hopewell cemetery.

Miss Latham belonged to an aristocratic Virginia family, her grandfather and mother coming from that State to Kentucky and locating in Logan county in early life. Mr. John C. Latham, Sr., being only five years old at that time. She is survived by her aged mother and one brother.

THE BIG SALE AT WALL'S

Breaks all records of sales in Hopkinsville. We were simply overwhelmed Saturday with purchasers. Many could not be waited on. To them we offer our regrets. We expected a rush and prepared for it, but our force and 15 extra salespeople were not sufficient. We invite them to come back again. Come to-morrow, come every day. New things are constantly being added to this great sale.

J. T. WALL AND COMPANY

Notice.

Notice is hereby given to all whom it may concern that on the 7th day of July, 1905, the Mayor and Board of Council of the City of Hopkinsville, passed, adopted and approved an ordinance which is in words and figures as follows to-wit:

Ordinance.

WHEREAS, it is deemed desirable that certain territory lying South of the City of Hopkinsville, Kentucky, between the Palmyra road and the Clarksville Pike, be annexed to and included in the Corporate Limits of the City of Hopkinsville,

It is therefore ordered by the Board of Council of the City of Hopkinsville, Ky.

FIRST: That upon its own motion certain territory lying South of the Corporate Limits of the City of Hopkinsville, between the Palmyra Road and the Clarksville Pike, consisting of about 35 acres and bounded and described as follows: Beginning at the intersection of the Corporate line with Nelson's West line;

thence S. 24-4. W. 1,500 feet to a stone in G. B. Underwood's orchard; thence N. 76-4. W. 1,129 feet to a Gate Post on the East side of the Palmyra Road or Virginia Street; thence N. 14-4. E. 1,079 feet to a Cedar post on the East side of Virginia Street, at a point where the Corporate line intersects Virginia Street; thence S. 50 E. 676-4 feet to a Stone corner; thence N. 17 E. 794 feet to the beginning, be annexed to, and included in the Corporate Limits of the City of Hopkinsville.

SECOND: That the Clerk of the Board of Council is hereby ordered and directed in publishing and advertising this ordinance to give notice that proceedings will be instituted in the name of and on behalf of the City of Hopkinsville, in the Christian Circuit Court, for the purpose of describing the territory described in the next preceding section and including same within the corporate limits of the City of Hopkinsville, Ky. This ordinance takes effect on and after its adoption and publication.

Adopted July 7th, 1905.

JNO. C. DUFFY,
Clerk of the Board of Council of the City of Hopkinsville, Ky.
Approved, July 7th, 1905.
JOUBET HENRY, Mayor.

Notice.

In pursuance of the foregoing ordinance notice to all whom it may concern, is hereby given that within thirty (30) days after the adoption, publication and advertisement of said ordinance and this notice, a petition will be filed in the Christian Circuit Court in the name and on behalf of the City of Hopkinsville, the object of which will be to annex the territory described in the above ordinance to, and include same within the Corporate Limits of the City of Hopkinsville, and in said petition there will be set out the passage, publication and advertisement of said ordinance; the object and purpose thereof, together with the metes and bounds of the territory which is proposed to be annexed to the City of Hopkinsville; and said petition will contain a prayer asking for a Judgment of the Court authorizing said Board of Council to annex said territory aforesaid. This July 7th, 1905.

JNO. C. DUFFY,
Clerk of the Board of Council of the City of Hopkinsville, Ky.

The brother of the widow of Herr Krupp was found dead in bed last week.

An Insignificant Palace.

Of Cottages, the capital city of the prince of Montenegro, father-in-law of King Victor Emmanuel of Italy, Sir John Furley, who has recently published a book on his public career, has a poor opinion. He writes: "I have often since been amused when reading in the papers of the fetes, receptions and banquets held in this capital, but from my knowledge of the place I have always felt somewhat skeptical as to their style and grandeur. The palace is called Bigrad and we have in England many farmhouses with which it could not compete in size and comfort."

His Preference.

Mrs. Hatterson—Is your husband fond of young women?
Mrs. Hatterson—Is he fond of them? Why, his second wife isn't born yet!—Life.

EVER WATCHFUL.

A Little Care Will Save Many Hopkinsville Readers Future Trouble.

Watch the kidney secretions. See that they have the amber hue of health; The discharge not excessive or infrequent; Contain no "brick-dust like sediment."

Doan's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick. Hopkinsville testimony proves it. J. W. Tunks, of 312 W. Seventh St., who is employed at the M. C. Forbes planing mill, says: "The condition of my health was such as to cause me a great deal of worry about my future. I had almost constant aching across the small of my back and the kidney secretions were highly colored, excessive and irregular, in fact, the disorder was so pronounced that it had been said it bordered on diabetes. I also suffered at times with indigestion which caused me a great deal of distress. At one time I was scarcely able to do any work at all for nearly a year. I doctored and tried various remedies but nothing did me any permanent good until I used Doan's Kidney Pills which I procured at L. A. Johnson's drug store. I had them only a few days when I noticed a change for the better and by the time I had finished the box I found they had brought about so decided an improvement in my condition as to convince me of their real worth and I am now more than thankful for the relief that I have secured."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

The Christian Science Church and Its Founder

Annual Report Tells of Increasing Numbers—Church Architecture Sometimes Suggests Society's Desire to Be Known as "Different."

At the recent annual business meeting of the "mother" church of Christian Scientists in Boston, reports were made concerning increase in numbers. The membership in 1903, when the first annual meeting was held, was 1,512; it is now 34,063. The 625 branches throughout the world have 38,216 members, making the total 74,729.

This "new religion" was "discovered" in 1864 by Mrs. Mary Baker Glover, a well-known woman, whose restoration that year from invalidism was looked upon as remarkable. In 1875 appeared the book "Science and Health, with Key to the Scriptures." In 1876 the Christian Science Association was formed, and three years later there came into existence a "misleading church without creeds, called the Church of Christ." In 1877 Mrs. Glover married Dr. Eddy, whose name she was to make so widely known. Mrs. Eddy was ordained to the ministry in 1881, two years after the Church of

Christ; but as her recreation is a daily drive, a glimpse of her may be had in the carriage as she leaves the grounds of an afternoon.

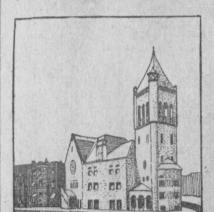

She certainly has made a most charming place of Pleasant view, personally directing much of the work of improvement. Noble trees, lawns, rose gardens and shrubberies surround her house; trim orchards, substantial barns, cultivated fields attest to the thrift and orderliness ruling there. Mrs. Eddy may be a dreamer; she is also a worker. She is said to be a woman of fine presence, of the New England type.

She is now almost 40 years of age, but sends forth messages to the church from her quiet home. She has led a very busy life, has seen a methodical worker. There are credited to her the following works: "Science and Health with Key to the Scriptures;" "Retrospection and Introspection;" "Unity of Good and Unreality of Evil;" "People's Idea of God;" "Christian Healing;" "Rudimentary Divine Science;" "No and Yes;" "Christ and Christmas;" "Pulpit and Press;" "Church Manual of the First Church of Christ, Scientist;" "Miscellaneous Writings;" "Christian Science Versus Paganism."

Statistics of 1903 give the number of Christian Science churches in the United States as 658—surely these figures are large for a denomination so recently founded. A writer in the New England Magazine, discussing Christian Science architecture, says: "A denomination only 25 years of age and neither large in numbers nor unusually wealthy, has been able with apparent ease to construct such a vast array of edifices at an expense ranging from \$20,000 to \$1,000,000. The magnificent and substantial buildings which have been erected by the Christian Science movement, and which have been dedicated free from debt, mark a vital interest in the undertaking which has perhaps not been paralleled by any other religious society of its age in the history of the world." That saying "perhaps" leads us to quote these words:

No one will deny that the church growth in both seasons of the world, of Christian Science is remarkable. The "mother" church, which was built in 1894, cost something like \$250,000. The First Church of Christ, Scientist, in New York, has an auditorium considered by architects one of the finest in the country. This structure, built of Concord granite, cost \$1,155,000, the whole cost paid before its dedication, in November, 1903. New York's Second church also cost a goodly sum, over \$500,000.

In Chicago the First Church of Christ has a seating capacity of 1,500, and in this city a Second and Third church have been built, a Fourth is in process of erection. Minneapolis, St. Louis, Kansas City, and Denver have magnificent Christian Science churches. Concerning the character of the numerous houses of worship built by the followers of Mrs. Eddy, this explanation is presented: "As to exteriors, some of the Christian Scientist churches have had to the Gothic and Romanesque styles of architecture, with the tall

THE "MOTHER" CHURCH IN BOSTON.

spires and towers which quite generally prevail in church buildings of other denominations; others have departed radically from these, and have adopted the Grecian style, as if intent upon getting as far away from the ordinary custom as possible in order to make the outward appearance of the structure as new as the religion to be taught therein."

Another writer says, in regard to the churches illustrating the growth of the movement: "Such an achievement as Mrs. Eddy's—the founding of a great religious movement by a woman—is a fact historically without precedent. It proves her qualifications as a born leader of advancing thought. The movement of which she is the origin and head is one of the most novel, noteworthy and interesting movements in New England or in America at the present time, and her life and personality command attention."

ELLEN THAYER.

Find Coal-Black Rat.

A coal-black rat was caught in a trap at a police station at Portland, Ore. the other morning. The rat was unusually large in size and its skin was very soft, like velvet. The animal was drowned along with several other rats which were caught in the same trap. Many people saw the animal and they all said it was the ugliest rat they ever saw. A black rat. It attracted a great deal of attention, even among the prisoners, in whose apartments it was caught.

BURNING MOUNTAIN

STRANGE PHENOMENON WILL
HAVE TERRIBLE END.

Theory Is That Big Hill Was Set
Afire Years Ago by Indians—
Will Soon Turn to Gigantic
Black Chasm.

Away over in the western half of Colorado, a dozen miles from New Castle, is a mountain which lacks only a Dante-esque setting to make of it a worthy entrance into Hades. It is called by residents and strangers alike the "Burning Mountain," and no other name has ever been found or applied within the life of several generations. Some say it was set on fire by the Indians two score of years ago, and others that it caught fire through a coal mine which was once worked there. But just how the Indians could have set a mountain on fire 500 feet under ground, or how it might have caught from a coal mine when that mine is separated from the fire by a thick stratum of vertical stone are

THE BURNING MOUNTAIN.

matters for mere conjecture. That the mountain is burning every sense of the visitor who gets within a mile of the place will testify.

On nearly every side of the great hill are evidences of intense destruction. At one point tons upon tons of rock have tumbled into the yawning throat of a huge crater some 300 feet above the base of the mountain, to be burned to finest powder in the intense heat of an abyss of fire. A vast area of the mountain side above the crater is torn into flame-tongued scars. The fumes of sulphur are everywhere. All vegetation is dead. Every few weeks, as the combustible substances beneath are consumed, the law of gravitation asserts itself and great bodies of rock come crashing down into the fiery furnace to be slaked and crushed by the next succeeding conflagration.

The cracks in the mountain side are in some cases a dozen feet across. The heat from them is almost unbearable at a distance of 100 feet, and it is impossible to hold the hand in any of the smaller crevices for more than a few seconds.

At night, from below, the countless fissures look like campfires dotting an otherwise barren waste, but when a view is obtained from the top of other mountains they glow like angry, inflamed wounds. Blue streaks of flame shoot across them and vanish. Occasionally there is an accumulation of gas which ignites and fills the entire fissure with a blinding glare of uncanny light, while a rumbling roar beneath tells of another rock mass dislodged and tumbled into some raging furnace still further below. A roaring, rushing sound not unlike the draft of some huge house furnace is always heard, and an everlasting mist of sulphur smoke hangs over the whole of the great hill.

The Rio Grande, whose waters flow by the mountain with quiet easy motion, which is so seldom found in a typical mountain stream, will eventually prove the end of this remarkable phenomenon, at least this is the theory which is advanced by scientists who have made a study of the strange case. When the gradual process of disintegration proceeds to such great length that fire and water meet, scientists declare that the greatest phenomenon, even greater than the burning mountain itself, will take place. It is declared on authority that when the fateful time arrives the site where the mountain stood will be turned into a great black hole and the terrible forces generated by the meeting of fire and water will cause a shower of rocks. The entire country for several miles, as the story goes, will be buried under a terrific hail of stones which nothing can withstand. Thus, it is said, will "Burning Mountain" be a thing of the past.

W. W. GARRISON.

No Mercy.

When the fool-killer came to the man who rocks the boat he was determined to mete out severe punishment.

"Are you going to kill him?" asked the friend.

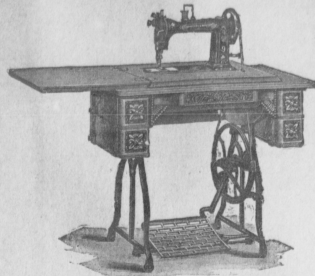

"No," replied the fool-killer, "that would be too lenient. I am going to make him marry a modern club woman so he will be doomed to rock the baby when she goes out."—Chicago Daily News.

The Last Word.

"Does your wife insist on having the last word?" said the man who asks impertinent questions.

"Certainly not," answered Mr. Meekton. "She doesn't have to insist."—Washington Star.

Don't Miss This!

A close out deal on Sewing Machines.

We are going to quit the Sewing Machine business, and in order to quit quick we are going to sell

Hopkinsville Home Tel. Co.

ICE CREAM

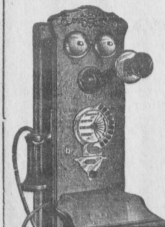

Supper for Benefit of School House Repairs.

An ice cream supper will be given at Laytonsville Aug. 12, under the auspices of the Laytonsville Bible Class. There will be speeches and music and a general good time is in store for those who attend. The proceeds from the sale of cream will be used for making some much needed repairs on the Laytonsville school house.

Elaborate preparations are being made to entertain the visitors. The Hopkinsville brass band will play and there will also be other musical specialties.

Both religious and political speeches will be delivered. No admission. All welcome.

The Home Telephone Co.

Brought to Hopkinsville the advantages of competition. Reduced rates, improved the service and stopped abuses.

THE HOME has distanced the old company in the race for city patronage and is extending its lines into the country. Long distance connection with Guthrie, Clarksville and other Tennessee towns. Will soon cover the Whole Telephone Field.

PATRONIZE THE COMPANY THAT BROUGHT YOU RELIEF. The Best is None too Good for Hopkinsville

R. E. COOPER, Pres.,
F. C. Hoge, Mgr.

For Sale—Hotel Yancey.

I now offer for sale one of the most desirable pieces of property in the city of Hopkinsville—my hotel and grocery store. The hotel has all modern conveniences and is nicely furnished throughout. The grocery stock is new and first-class in every respect. This is the opportunity of your life. Come and see the property and get prices, terms, etc.

302-304-306 West 7th Street,
J. W. YANCEY, Proprietor.

JULY 25, 1905.

The Weather

Washington, D. C., July 24.—For Kentucky; Generally fair Tuesday. Moderate temperature.

An attempt was made to kill the Sultan of Turkey Saturday, by a bomb-thrower. It missed Abdul Hamed about fifty feet, but killed 24 other people.

The New York Legislature has taken up the investigation of the life insurance question. The entire business will be given a thorough inspection to allay the alarm felt by the public.

The body believed to be that of Paul Jones arrived at Norfolk, Va. Saturday under escort and was yesterday transferred to the Naval Academy. Its permanent resting place will not be ready for a year.

An official autopsy held on a patient who died in New Orleans has disclosed the fact that the disease was yellow fever. The State Board of Health has arranged for a donation hospital, and has notified the health authorities in other States of the presence of the disease.

Auditor Hager declares that State Revenue Agent Frank A. Lucas has no authority to make collections of back taxes on land mortgage notes. Lucas affirms that he has full authority to make such collections, and that the Auditor's attitude arises from personal spite. Lucas has been engaged in collecting from taxpayers of Christian county who were listed for large amounts and then offered compromises.

M. T. Hancock, the well-known pool inventor and manufacturer, of Los Angeles, Cal., was killed in an automobile accident in that city Thursday night, in which his wife, son and daughter were seriously injured. Hancock himself sustained two fractures of the skull and concussion of the brain. He died at the receiving hospital without recovering consciousness. The party, in a large machine, went traveling forty miles an hour, when the machine collided with a buggy. The car swerved to the curbstone and collided with a telephone pole, demolishing it and hurling the occupants to the street.

Daniel S. Lamont, who was Secretary of War under President Cleveland, died suddenly Sunday night at Millbrook, N. Y. Heart failure was the cause of death. Col. Lamont came with Mr. Cleveland to Washington first in the capacity of private secretary during Mr. Cleveland's first term. He was of Scotch descent and was a political reporter in New York when Mr. Cleveland was Governor of the state. While engaged in newspaper work he filled the place of legislative reporter and managing editor of the Albany Argus, of which paper he was one of the proprietors for some years. Mr. Lamont was Vice-President of the Northern Pacific railway and director and trustee in several railroads and financial corporations. He is survived by a widow and two daughters.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Hood's

Sarsaparilla is unquestionably the greatest blood and liver medicine known. It positively and permanently cures every humor, from Pimples to Scrofula. It is the Best.

Blood Medicine.

A Washington correspondent has just discovered that if the Esch-Townsend railroad rate bill had been passed by Congress it might have resulted in the abolition of the Jim Crow car laws of the various Southern States. That bill makes it within the power of the commission created by it to prevent any discrimination in passenger traffic, as well as in freight traffic, on trains engaged in interstate commerce. So set were the people on having something done that not even Southern Congressmen seemed to notice that dangerous little clause, and had the Senate been as responsive to public clamor as the House was, there would be to-day on the statute books a law which would make it within the power of the commission to render practically a nullity the benefits growing out of Jim Crow car laws. There was not a member of the House from the entire South who voted against the bill, notwithstanding the dangerous clause was in it.

Kennedy News.

Kennedy, Ky., July 21.—Mrs. Dr. S. J. Rollow gave a lawn party on the night of the 20th inst., in honor of her visitors, Misses Corinne and Rebecca Sedberry, of Nashville, and Miss Irene Rollow, of Wynnewood, I. T., three very charming and beautiful young ladies. Her guests were Misses Virginia Wardlow, of Belle Buckle, Tenn.; Bettie Buckner and Lucie Galbreath, of Hopkinsville, Francis Peay, of Clarksville, Tenn.; Nannie Mae, Lucy and Mary Barbee, Sarah Cunningham, of Tenn.; and Anna and Bettie Allen, Nancy Logan, Miss Harris, Lady Boone, Mary Lee Pattillo, Virginia and Mary Barker, Mary and Elizabeth Cloud and Eva Griffin.

Messrs Nisbet and Dex Hambaugh, of Ringgold; Alta Hoge, of Hopkinsville, Leslie Baynham, Irvin Cochran, Norris Garrott, Tom Davis, W. C. Cunningham, R. Smith, Walter Pendleton, Tom Watts, Gipton Barbee, Will Cloud, W. H. Massey, Garland Anderson, and Ben Williams. Ices and cakes were served. The yard was beautifully lighted up by Japanese lanterns. Mrs. Rollow was assisted in receiving by Miss Mary Cloud, and they did all in their power to make every one enjoy themselves and have a nice time and I think they did, as I never saw a more pleasant lot of young folks together. It was a brilliant affair and Mrs. Rollow has the thanks of her guests for her untiring energy in seeing that everyone had a nice time and enjoyed themselves.

Mr. John Ogburn of Tenn., is visiting Mr. T. A. Jones.

A few days ago to make her future home.

Tom Barker went to Hopkinsville to-day.

The city and neighborhood got busy a few days ago and established a Home Telephone exchange at McKenzie with fifty three or four subscribers and I think there has been about fourteen hundred dollars worth of stock taken around McKenzie. We hope to have the exchange put in and phones in all of the subscribers' homes in a few weeks. I do not think there will be any trouble about getting fifty more subscribers as soon as the exchange is established.

Most of the farmers are done threshing. The yield is not more than two thirds of a full crop. Very few of the farmers have sold their wheat.

Mr. George Rollow and family and Miss Irene will leave in a few days for their home in Indian Territory.

Tom Baynham sold a nice lot of hogs to-day for 5 cents a pound gross.

Mr. and Mrs. J. T. Hill attended the burial of Lee Hill's little boy at Gracey last week.

Mr. and Mrs. Rollow Barbee have taken board at Ira Barbee's.

Ira Barbee and wife spent last Sunday in Hopkinsville.

Alva Hoge spent several days here this week working in the interest of the Home Telephone Co.

NEWEST THING

Out in the Line of Minstrel Attractions.

The managers of the Donnelly & Hatfield Magnificent Minstrels have been fortunate in securing a list of meritorious specialties. The Toledo, impersonators of animals, reptiles and amphibious monsters, stand for the leading vaudeville act this season. They give feats of flexibility, contortion and acrobatic agility never witnessed before. The performance is an artistic one, being elaborately staged and touched over with sufficient comedy to relieve the more serious situations. Agile creatures in greens and reds and variegated colors assume varied forms with the passing of a thought; now a huge reptile throwing off all the lights and shades of the chameleon's coat, anon a big mouthed frog in all the colors of the rainbow. Now a ball without legs and without arms, now a legless monster that performs all manner of acrobatic tricks. The act is done in pantomime, without words, swiftly and noiselessly. They are one of the big hits of the vaudeville stage and are favorites everywhere. Headliners in vaudeville are not numerous, but this popular organization has secured several strong specialties for its olio. In addition to others, the Tuscano Brothers, Roman axe manipulators, have been signed for the season. They make their first American appearance with the Donnelly & Hatfield Magnificent Minstrels.

Many Fine Horses.

Messrs. Rash and Franceway, managers of the great Hopkins County Fair, which is to be held at Madisonville Aug. 1 to 5 inclusive, announce that the races at the fair this season will surpass any of the races that have ever been given in Western Kentucky. There are at present over twenty-five running horses in training on the grounds, representing some of the most prominent stables in Kentucky, Tennessee, Illinois and Missouri. Four big races will be run each day. The International starting machine will be used. Those who enjoy Kentucky's greatest sport can not afford to miss the Hopkins County Fair. One fare for the round trip on all roads.

A Travel Luxury to N. Y.

A trip on the New York Limited over Pennsylvania Short Lines means the enjoyment of luxurious travel conveniences. Dining in state through miles of landscape beauty; reclining at ease with the companionship of a good book or periodical from the library; the social and congenial fellow passengers; courteous attendants summoned by the touch of a button; maid and barber; magnificent scenery from the observation car. Sleeping car leaves Cincinnati daily 8:30 p. m., running through to New York on the New York Limited. The 1 p. m. train with sleeping car daily from Louisville connects with the Pennsylvania Special for delightful daylight ride to New York and Washington. For particulars address C. H. Hagerty, D. P. Agt., Louisville, Ky., or R. H. Lacey, S. P. Agt., Nashville, Tenn.

Bagging Grapes.

We enclose part of our grape crop in paper bags to produce fancy clusters. Paper bags of the size used to hold a pound of coffee and the next size larger are put on at any time after grapes are well set until light green. That moisture comes out slightly so that the clusters can escape. The top of the bag is gathered together and fastened around the stem with string, short wire or pinned. The bags protect the fruit from the birds. The fruit comes out of the bags beautifully clean and free from dust and cobwebs, with all the natural bloom of the grape undisturbed by moisture and with every grape perfect and free from disease. The spores of fungus disease floating in the air when it is thus covered. Bagged grapes ripen more evenly, receiving the heat of the sun slightly tempered by the paper, and are not sun scalded. They show a more perfect color than when ripened naturally.—Helen Manning.

Disease takes no summer vacation.
If you need flesh and strength use

Scott's Emulsion
summer as in winter.

SCOTT & BOWNE, Chemists,
69 West Street, New York.
Beware of cheap imitations.

CHAT OFF THE BAT.

A meeting will be held Monday, at the call of Secretary Greeney, at which will be present representatives of all the cities in the league. The chances are that some serious things, closely connected with the life of the league, will come up for consideration.

Two or three of the Kitten's lives have already been ruthlessly destroyed. It seems that Paducah is bent on putting the quietus to the remainder of them. She will succeed at the call meeting, which is to be held Monday, unless she quits trifling with players belonging to other clubs.—Cairo Bulletin.

HAS NO AUTHORITY.

Auditor Hager and Mr. Lucas Don't Agree.

Deputy County Clerk Wicks was called by phone Saturday by State Auditor Hager asking if Mr. Lucas was collecting taxes on property that had not been given in to the county assessor. Receiving an affirmative answer the Auditor told Mr. Wicks to tell persons who came to pay taxes to Mr. Lucas not to do so, as he had no authority to collect taxes. We learn, however, that Mr. Lucas is still at his post to receive what may be tendered him in the way of a settlement without being sued, and says that there is nothing in the Auditor's threat that parties who pay him will be sued "all the same." He claims that he is under bond to account for all collections, and that Auditor Hager has a grudge against him. There seems to be a fun drawing, and the best thing one can do is to hold on to their money as long as possible.

Mammoth Tomato.

Mr. L. L. Nichols brought to this office on yesterday a tomato of the Ponderosa variety which weighs two pounds and five ounces. It was pulled from a vine on which there are a dozen more, but not so large as this one. The huge tomato was the third one from the ground and is a beauty. Mr. Nichols has been trying for several years to raise a tomato that would weigh two pounds, but until this year, had been unable to grow one that tipped the scales at more than 26 ounces.

Spoiled Her Beauty.

Harriet Howard, of 209 W. 34th Street, New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at R. C. Hardwick's drug store.

Meredith-Stewart.

Mr. Joseph Meredith and Miss Hattie Stewart, of the Caledonia neighborhood, were married in Cadiz last week. The young people are prominent and quite popular.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At R. C. Hardwick's drug store, 25c., guaranteed.

Dissolution Notice.

The firm of Joiner & Ezell has been dissolved by mutual consent. Dr. J. J. Ezell retiring. The business will in future be conducted by A. F. Joiner, who purchased the retiring member's interest. All parties knowing themselves indebted to the old firm will please come forward at once and settle with Mr. Joiner.

Lafayette, Ky., July 1, 1905.

The cannibal tribes of German West Africa have been on an outbreak this summer and official reports say 2,000 natives and eight white people were devoured during the month of June.

For Sale or Rent.

Nice six room residence on North Main. Apply to Max J. Moayan, with the John Moayan Co.

For the medicine chest or sideboard: I. W. Harper Whiskey is pre-eminently the family whiskey—none better. Sold by W. R. Long, Hopkinsville, Ky.

For Sale Cheap

Wheels from \$3 up, by LUCKY O'NAN.

Blind Headache

"About a year ago," writes Mrs. Mattie Allen, of 1123 Broadway, Augusta, Ga., "I suffered with blind sick headaches and backaches, and could get no relief until I tried

WINE OF CARDUI.

A Non-Intoxicating Female Tonic

I immediately commenced to improve, and now I feel like a new woman, and wish to recommend it to all sick women, for I know that it will cure them as it did me."

Cardui is a pure, medicinal extract of vegetable herbs, which relieves female pains, regulates female functions, tones up female organs to a proper state of health. Try it for your trouble.

Every druggist sells it in \$1.00 bottles.

WRITE US FREELY.

We want you to write us freely and frankly, describing your trouble, and we will send you a card of our medicine, and you will find it a great relief. We will send you a card of our medicine, and you will find it a great relief. We will send you a card of our medicine, and you will find it a great relief.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this paper as offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Thrown by a Horse.

A little son of Cardin Coleman, of near Gracey, was thrown by a horse last Saturday afternoon, the horse becoming scared at the late 1 C. train going to Princeton. The little fellow was badly scared, but received no injuries that are serious—Cadis Record.

HERE AND THERE.

My property for sale at once, Luckett O'Nan.

Dr. E. N. Frut, Dentist, office over City Bank, Hopkinsville, Ky.

All kinds of lumber for sale, Phone 172. J. H. Winfree.

Get Luckett O'Nan's price on Owensboro buggies before buying. Best made.

Dr. Oldham and Gregory, Osteopaths, 705 S. Clay St., Hopkinsville, Kentucky.

Wagon for sale at once for \$20, with brake and G. and J. tires, by Luckett O'Nan.

MOONLIGHT FETE.

Mr. and Mrs. Geo. F. Shelton Entertained Last Tuesday Evening.

One of the most enjoyable moonlight parties of the season was given last Tuesday night, 34 miles South of the city, at the pretty and hospitable country home of Mr. and Mrs. Geo. F. Shelton. The crowd present was very large and the pretty and spacious yard was brilliantly lighted with Japanese lanterns. Games and other amusements were indulged in and a splendid time was had by all present. Many young people from this city attended.

Revival Closed.

The tent meeting which had been in progress for two weeks on South Walnut street came to a close Wednesday night. The meeting was a most successful one and large crowds filled the tents almost every night. There were a large number of conversions and Christians were built up and strengthened by the earnest preaching of the evangelists.

Arrives Earlier.

The Illinois Central train, formerly due here at 11:25 p. m., now arrives at 11 p. m., twenty-five minutes earlier.

A Great Sporting News Journal.

The illustrated sports section of the Sunday Chicago Record-Herald thoroughly deserves the attention of every one interested in sporting news. It is always beautifully illustrated and embraces four full pages, covering with the thoroughness that satisfies to the utmost the whole realm of sports. Baseball news, racing news, bowling news, golf news, cycling news, pugilistic news, yachting news—all the sporting news is given with the greatest degree of fullness and interest. The sporting page of the daily issues is also exceptionally popular—a self evident fact to those who have noted the general vogue of The Chicago Record-Herald among sporting men.

Miss Lena Jones, daughter of Mr. Ed Jones, is spending this week in the city, having her eyes tested by Dr. Edwards.

BROKE HER THIGH.

Serious Accident Befalls An Aged Woman.

Mrs. Mary Jane Sadler, of the Kelly neighborhood, was the victim of an accident Saturday that will confine her to her bed for some time. She was at the home of Mr. James Miles, and while making preparations to visit her son who resides a few miles away, fell and broke her thigh. She was sitting on the edge of the bed and fell to the floor. Owing to her advanced age, her recovery will necessarily be very slow.

A Grim Tragedy

is daily enacted in thousands of homes, as death claims, in one case, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose, 50c. Guaranteed at 50c and \$1.00 by R.C. Hardwick, druggist. Trial bottle free.

SECURE SPACE

If You Wish a Sleeper to Old Point.

Sleeping car reservations for the Old Point Comfort trip August 12 are being arranged every day and the indications point to a very large crowd on the occasion. This outing is decidedly the most popular of all trips from this section, and all things considered, it is the cheapest and best that can be taken by any one. The ticket limit of fifteen days is also a feature. The crowd from Hopkinsville will likely be the largest for years.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and Cured with Electric Bitters. This is a pure tonic medicine; of especial benefit in malaria, for it cures a true cure. Its influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life." At R. C. Hardwick's drug store; price 50c, guaranteed.

PERSONAL GOSSIP.

Mr. W. P. Qualls has returned from Dawson.

Mr. A. P. Crockett, of Oaklahoma, was here Saturday.

Miss Maggie Ellis is visiting in Princeton.

Dr. A. H. Layne went to Pembroke yesterday on business.

Miss Ruth Baynham, of Oak Grove, went to Corleau yesterday.

Mr. Geo. Young went to Louisville yesterday on business.

Born to the wife of Mr. Luckett O'Nan Sunday—a nine-pound boy.

Mrs. J. P. Nuckols and mother and daughter are visiting in Madisonville.

Miss Mattie Ward, of Paris, Tenn., is visiting her brother, Mr. R. K. Ward.

Mrs. William Jesup and daughter, Mrs. Sallie Mimms, went to Dawson yesterday to spend a few days.

Mr. L. M. Cayce, of Grenada, Miss., arrived in the city Saturday on a brief visit to relatives.

Mr. Ben Thompson, now with the L. & N. at Evansville, is visiting his sisters on South Virginia St.

Mrs. J. M. Coombs and children, of Louisville, are visiting Mrs. May Y. Humphries, on West Eighteenth street.

Miss Daisy Rice returned Saturday from Knoxville, Tenn., where she had been attending normal school.

Mrs. George Powell came to Hopkinsville Monday to meet her daughter, who had been visiting the family of Mr. Woodall, at Nashville.

Mr. J. B. Allensworth left this morning for Cairo, Ill., where he will remain a week, taking positions in a railroad case.

Dr. and Mrs. Smith West, Miss Charlotte Farris and Miss Edith Brasher who were the guests of Dr. and Mrs. Baker, of Princeton, returned to the city Sunday.

Prof. J. W. Walton returned yesterday from a business trip of several weeks through Tennessee and a portion of Kentucky, and has resumed his duties as principal of Lockyear's Business College.

Miss Lucy and Mr. Lyne Starling are home from the Baltimore C. E. Convention. After the convention they went sight-seeing at Washington and visited their brother, Edmund, in Philadelphia.

JOHN C. WILLIS DEAD.

Died Suddenly of Heart Disease Sunday Afternoon.

Mr. John C. Willis, of the Pembroke neighborhood, died suddenly Sunday afternoon of heart disease.

He had spent the best part of the day with Dr. J. P. Peyton and started home in his buggy, going by way of Pembroke. Leaving Pembroke he had gotten but a short distance from the residence of Mr. Douglas Graham, when Mr. Graham noticed that he had stopped and seemed to be in trouble and went to his relief. He found that Mr. Willis was in a serious condition, and after getting him out of the buggy and helping him to a shady place on the side of the road, started at once to Pembroke for a physician. When he returned with the physician Mr. Willis was a corpse.

Mr. Willis had never recovered from an attack of sickness two years or more ago and was at all times apprehensive that he would die a sudden death from heart failure, and usually when going from home carried a negro man in his buggy with him.

Mr. Willis was one of the largest and most prosperous farmers in the county and was a breeder of fine horses. He was a native of this county, being born in 1845. His father, Clark Willis, was a soldier of the war of 1812 and moved to this county in 1830. He died in 1867, leaving a widow and three children—Nancy V. (Anderson), Lewis and John C. In 1881 the deceased was married to Miss Willie Clark, of Memphis, Tenn., who bore him one child, Miss Maggie. Several years after her death he was united in marriage to Mrs. Belle Leavell Alexander, who, with his daughter, Miss Maggie, survive him.

He was buried in the Pembroke cemetery yesterday afternoon at 5 o'clock.

Co. D. Entertainment.

Co. D. will give an entertainment at Mayon's Hall on Tuesday night, August 1st. The members of the Co. to whom has been assigned the duty of preparing a program are busy at work and in a few days will make known its nature. It will be a military affair and will prove interesting to those who attend, both young and old.

DISFIGURED WITH ECZEMA

Under Physicians Five Months. Went from Bad to Worse.

CURED BY CUTICURA

Wonderful Change in One Night. In a Month Face Was Clean as Ever.

"I was troubled with eczema on the face for five months, during which time I was in the care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recommended Cuticura remedies. The first night after I washed my face with Cuticura Soap and used Cuticura Ointment and Cuticura Resolvent, the treatment it removed all scales and scabs. From that day I was able to go out, and in a month my face was as clean as ever." THOMAS J. SOTHE, 317 Stagg St., Brooklyn, N. Y.

THE AGONIZING

Itching and Burning of the Skin. As in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worried parents, as in milk crust, tetter and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such a remedy proven beyond all doubt. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cure of the civilized world. Absolutely pure.

Sold throughout the world. Cuticura Resolvent, etc., in form of Cuticura Cream, Price 50c, per box of 100, Ointment, 25c, Soap, 25c. Sample London, 7, Chancery Lane, E.C. 4. Sold in U.S.A. by J. C. Benson, 107, Colburn Ave. Potter Drug & Chem. Corp., Sole Proprietors.

FRANKEL'S Busy Store.

State College of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, and Mining Engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive free tuition, room rent in the dormitories, fuel and light, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering, instruction in science and agriculture. The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing, in any proper sense, university work.

The completion of the College home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to young women of obtaining a thorough education in classics, modern language, literature, science, mathematics, logic, metaphysics, history, and political economy.

No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission, apply to

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY FOR BLOOD, LIVER, LUNGS.

Those desiring life insurance will find it to their interest to investigate the plans and record of the Mutual Benefit Life Insurance Company of Newark, N. J. No one can afford to divide his property among policy holders. It is conspicuous for economical management, liberality of its policy contract, its dealing with its members and large annual dividends to reduce cost of your insurance.
H. D. WALLACE Resident Agent.

SPORTS AND ATHLETICS

To the followers of baseball among the leading western colleges, the past season has been most disappointing.

With the possible exception of Michigan, not one of the big universities has shown the form displayed in previous seasons. Illinois, with a green team, started out with a rush, but soon struck a snag in the Wolverines.

CAMPBELL and stopped short. Chicago started badly, losing most of their big games before showing much form. Toward the end of the season the Jayvins picked up a little, but went all to pieces in the final game against Illinois.

Both the Northwestern and Northwestern had on years, the latter all but disbanding at the beginning of the season. The Purple's one joy lay in taking the two games played with Chicago. Among the rest of the conference colleges, Indiana, Iowa and Purdue have average teams, while Minnesota had none at all. According to one critic the following might have shown up best in their various positions, and are named as the all-star western college baseball team.

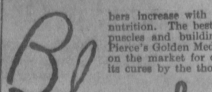

Sanger, of Michigan, was the best pitcher of the year, winning nearly all his games. He has great speed and combines this excellent quality with head work. Close at his heels comes Miller, of Chicago, and O'pergett, of Illinois. First-class catchers have been scarce, but Leahy, of Wisconsin, seems to have the call on the rest. Harper, of Chicago, and Hatch, of Michigan, probably stand next in the order named. At the first sack Cutting, of Northwestern, is easily the leader. His long arms have at Michigan stood him in good stead. He holds his position well and is a heavy hitter.

For a green man, Abbott, of Chicago, has shown exceptional form. In another year he should develop into a top-notch. For second base, Weinberger, of Northwestern, seems to fill the bill. Not only is he a fellow of skill and judgment, but he also is called upon to line out a safe hit in a pinch, which is an excellent quality in an infielder. Brooks, who played for Illinois the latter part of the season, has shown up well. For shortstop, Campbell, of Michigan, has no close rival. He is easily the best in the west in his position, and has also the quality of a captain. Wilkinson, Northwestern's little shortstop, has shown himself to be a player of the first water.

His fielding, however, is phenomenal at times. For third base, Vandegrift, of Illinois is perhaps the best who has played the position this season, although the Chicago, who was put in the outfield this year, is the better of the two. O'Brien, of Michigan, also holds the third sack down like a veteran, and is a hard hitter. In the outfield there are a number of good men—Paul and Baird, of Chicago; Rothgeb, of Illinois; Wendell, of Michigan, and Cummings, of Wisconsin, all first-class players. The two Maroons are sure in their catching and are good hitters, Paul being probably the best in the latter line of the whole bunch. Wendell, of Michigan, is a steady player, and although not a brilliant batter, has a knack of lining one out when most needed. The Illinois captain, Rothgeb, has not been striking as well as formerly, but is a well when it comes to fielding.

Who is the champion of the big auto drivers at present? This is a question that is now agitating the motor racing world. Up to the present time Barney Oldfield has generally rated as the premier, but Barney was recently defeated by Charles Baile in two straight heats, who, a few days later, went down to defeat before Louis Chevrolet in a record-breaking contest. Chevrolet, in the race, lowered the world's mile record from 0:53 to 0:52 4-5 in his huge 50-horsepower machine. On June 15 he also defeated Oldfield in two heats at a meet at Hartford, Conn. According to these performances Chevrolet has the best right to claim the honor.

Barney Oldfield, by his admission, is taking no chances nowadays. Oldfield has engagements now closed which will net him \$15,000, and he has already made that much money this year. With Oldfield racing is a business, pure and simple, and he has managed matters nicely to save trouble and time. His racing and touring car are carried through the country in a special baggage car, which may be shipped by freight or express. He carries with him two mechanics, and thinks nothing of a thousand-mile trip to ride in one race. As indicating the extent of his business may be made by a man of Oldfield's prominence, his bonus of \$2,000 for driving two days at St. Paul is cited. Oldfield rarely appears that he is not getting a good deal of money from \$500 to \$1,000 a day. His expenses are largely borne by the makers, and much of this is profit. Hereafter nearly all the money he gets as Oldfield has dispensed with his manager, Ernie Moros, and is now booking his own dates. Providing he goes through this season's racing he is probably the South Africa and Australia will see American's most prominent driver next winter.

THOMAS A. EDISON, the inventor, in mapping out the problems of the future, gives first place to the necessity of fighting the bacteria which give us our diseases.

Next to the actual bacteria of disease, the mosquito and flies are the most dangerous enemies of man. The mosquito with its bite infuses into our veins malaria, yellow fever, and other fatal troubles. The fly, with spongy feet, collects the invisible germs of disease, spreads them over our food and poisons us with typhoid, cholera and other plagues of the human race.

GOOD NEO BLOOD OUR AMMUNITION.

The blood which flows through our veins and arteries should contain healthy red blood corpuscles which are capable of warding off the attack of disease germs if they get into the system.

Dr. Pierce, the eminent physician of Buffalo, N. Y., says, "If each person will consider his system as an army of men which he controls as a general, and will see to its proper provisioning and health, he will be able to overcome the enemy in the shape of the germs of disease. Every healthy person has five million red blood cells or corpuscles to every square millimeter of blood. The number of red blood corpuscles in the average human being is so great that it is almost incomprehensible. However, their number

here increase with health or decrease with illness or malnutrition. The best tonic for increasing the red blood corpuscles and building up healthy tissue is no doubt Doctor Pierce's Golden Medical Discovery. This medicine has been on the market for over a third of a century and numbers its cures by the thousand.

A tonic made up largely of alcohol will shrink the corpuscles of the blood and make them weaker for resistance. A cod liver oil makes the stomach groan because it is irritating. What is needed is a tonic, an extract made of roots and herbs, without the use of alcohol, that will assist the stomach in assimilating the food taken up from the food such elements as are required for the blood, also an alternative that stimulates the activity of the liver and cause it to throw off the poisons of the blood.

When we have accomplished this we have put the system in a fortified condition so strong that it can repel the germs of disease which we find everywhere—in the street-cars, the shops, the factories, the bedrooms, wherever many people congregate, or where sunlight and good air does not penetrate.

There is no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, lungs, liver, etc.

Dr. R. V. France, Buffalo, N. Y., says: "I have used Doctor Pierce's 'Golden Medical Discovery' for many years. It has gradually improved my appetite, became nervous and irritable, very dependent and unable to sleep. No medicine helped me until I tried Doctor Pierce's 'Golden Medical Discovery.' It put new life into my veins and brought me back to my normal state. I am now a complete cure and grateful to recommend it."

Very truly yours,
Dr. R. V. France, Buffalo, N. Y.

ARE YOU MAKING MONEY FAST ENOUGH?

If Not Read the Following Letter Carefully
AND SEND YOUR REMITTANCE TODAY.

OFFICE OF

High Class Investments,
 Stocks, Bonds, Grain and Cotton.

JAMES E. ENGLISH Fraternity Building,
 Paducah, Ky.

DEAR SIR— I take the liberty of calling your attention to the fact that my offices in the Fraternity building in Paducah, Ky., for the purpose of handling speculative deals for my customers that cannot avail themselves of the opportunity of trading in the future markets are now open, and by reason of the fact that for business reasons they cannot spare the time nor afford to remain all day on the floor of any local brokerage house, and have found that they cannot advantageously trade by mail, telephone or telegraph, and as you know, the successful trader is the man that can watch the board constantly, and take advantage of all sudden changes to "scalp" out a quarter or more profit at times, when to an inexperienced trader the market seems dull. This is a golden opportunity.

I have been very successful in handling deals for my clients, and have yet to record a loss in any transaction as a whole, and have made them a great deal of money. I have an experienced floor trader in the room of a local brokerage house with direct wires to Chicago, Kansas City, New Orleans and New York at all hours of the day, during market hours, and am better prepared to make you money than any broker that I can mention. I don't want to promise you too much, for as you know, there are two sides to the market, and you can lose your money just as easily as you can win, but with the knowledge and experience that I command, I can assure you that you can overcome many obstacles and disadvantages of the average trader, and can make more money in the markets in the next thirty days than you ever dreamed of, provided you will allow yourself to be governed by me and plans are completed for a big market "killing" in the near future, and it looks like that there is no possible chance to miscarry, but you must remember that nothing is sure but "death and Taxes."

I am inviting my friends to send me remittances, either by postoffice order, express or bank exchange, for sums not less than \$50 and not more than \$500 each, to join in this discretionary pool, to share in profits and losses equally share, and share alike, in proportion to the amount of their subscription to the pool, and when the deal is launched you will be advised, and on the closing of the same you will receive a statement of the transaction, and a check for any amount that is to your credit, unless you advise that I retain same and reinvest for you. A client of mine sent me \$900 recently for himself and friend and it is a matter of record that I handled this money so that the earnings on same were a little in excess of \$12,000 in sixty days. The opportunity to beat this record is here now, and before it is too late I would suggest that you remit me quick the amount that you think you can afford to risk on the best speculative market that has occurred in the last ten years. All correspondence will be held sacred, and my charges are nothing unless we are successful, then I retain one-third of the profits and remit you two-thirds and your principal. Your trade will receive protection from this pool that individual trades cannot enjoy and usually exhaust when original margins are consumed.

I earnestly advise you to send me a trial remittance, and allow me to demonstrate what I can do, and am sure you will be more than satisfied with the results. You are aware that unless this was absolutely the truth and a straight business transaction that I would be amenable to the United States postal laws, and no sane man would take that chance.

I hope to have the pleasure of hearing from you at once, with a remittance, and I would prefer you to send it by postoffice order, so that unless you desired it, no one would know of the "little flyer" you were taking in the market. Look at all the big fortunes of today. They were made principally by market trading, and it has come to be recognized as the only fast way a man can legitimately increase his wealth.

I am to be found in my suite of offices any business day after market hours, from 3 to 6 p. m., and invite a personal visit for private consultation; but in the meantime I urge you not to delay, but send a trial remittance and see the results.

Yours for prosperity,

Address All Mail to P. O. Drawer L. L., Paducah, Ky.

J. E. ENGLISH.

CONCRETE BLOCKS

All Right and Work Will Begin at Once.

For a month or more people have been wondering why the work of erecting the walls of the Y. M. C. A. building had never begun. The committee, with commendable caution, were awaiting tests of the concrete blocks which had been decided as the material to be used. The architect, Mr. V. P. Collins, of Louisville, met the committee here Friday, and after witnessing a test of the blocks, passed upon them and satisfied the committee that they would run no risk in building the walls with concrete blocks and work will begin at once. Subscribers to the building fund are requested to make good their subscriptions as soon possible. The Planters Bank and Trust Co. is authorized to receive money paid on pledges.

Cheap Rates.

The Illinois Central will sell round trip tickets to Louisville July 30th and 31st at one fare, plus 55c for the round trip. Tickets limited to return Aug. 10th.

Round trip tickets sold to Owensboro Aug. 1 to 16, inclusive, at one and one-third fare for the round trip. Tickets limited to return on Aug. 17.

Round trip tickets to Atlantic City sold for train scheduled to arrive in Louisville on Aug. 3rd to 10th. Rate, \$20.15. Return limit: Tickets sold Aug. 3rd good returning Aug. 14th; those sold Aug. 10th good returning 12 days from date of sale.

Cheap rates to Niagara Falls. Call at ticket office for particulars. J. B. MALLON, Agent.

MR. PIERCE DEAD.

Victim of Bright's Disease Died Sunday.

Mr. Frank Pierce, one of the oldest and best known men of the county, died at the residence of Mr. M. V. Owen Sunday afternoon at three o'clock, aged 73 years. He was a victim of Bright's disease and had been in feeble health for some time. He had been removed to Mr. Owen's home where he received every attention and his last days were made as comfortable as the nature of his disease would permit. His wife died about three years ago. He was buried at the Owen family burying ground at 3 o'clock yesterday.

Mr. Pierce was a man of the strictest integrity, deeply religious and was held in the highest esteem by everyone who knew him. He was kind, charitable and had no fears of death.

Killed by a Train.

Paducah, Ky., July 22.—G. W. Vanhouser, a youth of Claxton, Ky., who was here yesterday looking for a position as telegraph operator with the Illinois Central, was run over last night and badly mangled near Princeton, Ky. He had been dead several hours when his body was found at daybreak. He was about eighteen years old.

Bomar Goes to Illinois.

Charlie Bomar has signed with the Decatur, Ill., team of the Three I League and left for Decatur Sunday night. He will get \$125 a month. Gill Edwards has been pitching for the same team two years.

RURAL CARRIERS.

Examinations Held for Herndon and Gracey Routes.

Examination for Rural Route carriers for Nos. 1 and 2, out of Gracey, and No. 1, out of Herndon, was held here by Mr. Will Williamson Saturday. There were four applicants for the Gracey routes and three for Herndon, one applicant for the Herndon route being colored. The papers have been sent to Washington and the appointments will be made in about two weeks.

READ THIS!

Trenton, Ky., Jan. 24, 1892.—Dr. E. W. Hall, St. Louis, Mo., Dear Sir: Please find enclosed \$1.00 for one bottle of your Texas Wonder. I used one bottle for kidney and bladder trouble. I want this bottle for my wife. It's a real wonder and one of the greatest medicines in the world. I was passing pure blood and one bottle cured me sound and well. You can use my testimonial and photograph if you wish.

Yours truly,
 R. A. WILLIAMS,
 Real Estate Agent.

A Texas Wonder.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in men and women, and regulates bladder troubles in children. If not sold by your druggist will be sent by mail on receipt of \$1.00. One small bottle will cure treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. Box 629, St. Louis, Mo. Send for testimonial. Sold by all druggists and R. C. Hardwick, Hopkinsville.
